Examples of what a CLEAN Business can do to make a difference:

To conserve energy:

- Use compact fluorescent light bulbs
- Keep thermostat set at 78 degrees for cooling and 68 degrees for heating
- Install and use ceiling fans instead of air conditioning, when possible

To conserve water:

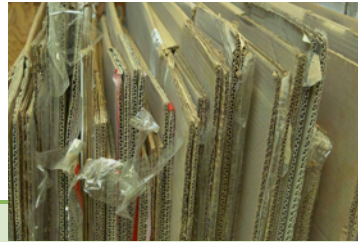

- Adjust landscape irrigation timers
- Install low-flush toilets
- Have your water utility perform a water audit at your facility

To prevent pollution:

- Choose non-toxic products
- Use dry cleaning methods rather than washing potentially harmful debris down storm drains

To reduce waste:

- Buy products made with recycled content
- Recycle paper, ink and toner cartridges, beverage containers and cardboard
- Reuse packaging materials

**These measures are just examples. Businesses are encouraged to adopt measures to suit their individual operations.*

It's EASY to become a Chula Vista CLEAN Business!

Follow these three simple steps:

1 APPLICATION. Review the program criteria and checklists. Complete the checklists by indicating the suggested measures/practices your business would like to implement. Once implemented, fill out and submit an application and your completed checklists for review.

2 VERIFICATION. Allow program staff to verify the selected measures and track your progress by setting up a site visit at your business. Call (619) 409-1975 and select #6 from the menu to set up a visit. Once verified, your business will be presented with a certificate and window decal.

3 RECOGNITION. Submit a business description and a picture of your choice. These will be used on the Chula Vista CLEAN Business website to advertise your business—at no cost to you!

MAIL completed application and checklists to:
